### Our Structure

A Board of Directors acting as a Committee for the Session of the church governs SMPC Weekday School. Their purpose is to offer guidance and support to the Weekday School Director and Staff. The Weekday School is a ministry of SMPC. Its purpose is to provide quality preschool education to the children of the members and non-members of SMPC in a Christian environment. The Board has one position for a non-member of SMPC with a child in the Weekday School.

### Our Staff:

Every class has two teachers, a lead teacher and an assistant, both experienced and loving educators.

At SMPC you will find small class ratios. Your child will receive the individual attention he/she needs within a loving, social environment in which to grow. Our curriculum is structured to prepare your child for Kindergarten at the same time remembering that they are not in Kindergarten. Play is our work at SMPC Weekday School. Developing the whole child: socially, physically, mentally, emotionally, and spiritually.

### Our Partners:

Our parents are always welcome at South Mecklenburg Presbyterian Church Weekday School. Our open door policy sets you and your little ones at ease. We do however suggest that if you come for lunch that you then stay until the end of the day. We encourage parents to help with special events and field trips.

### Registration:

Registration is held at the end of January to early February for church members, current students and siblings. Open registration follows. Please call to schedule a tour.

### Entrance Requirements:

2, 3, 4, and 5 years - Students must be these ages by August 31st of the entering year.

### School Hours:

**Our Philosophy**

South Mecklenburg Presbyterian Church Weekday School offers a developmentally appropriate program designed to encourage a child's growth in a Christian atmosphere. Since play is the work of young children, we provide an environment that encourages active exploration of their world. Each child grows in independence, social skills, and the development of unique talents and abilities. Our goal is to be the bridge for your child's successful transition from your home to their elementary school.
